INTRODUCTION

Hello everyone,
this is the first major update of my first mod,
SuperBoosts. In this book you can find all the
information you want about my mod. Also you can check
my YouTube channel for tutorials.
Thank you !

MOD DESCRIPTION

This is a mod that contains boosts, items, weapons, blocks and armors. A special block is the Trampoline block that increases your jump by 3 times. Also there is a special armor, Parachute. If you wear parachute, it will negate your fall damage.
